g those who have no pretensions to collisions and conflict of politics, hard-ens into haireds. Blaine, somehow, has nd having said more than they could retract, plains the course of Carl Bohurz and of Har-

ndents. Nor do they care much for Blaine requally. They support him simply because my wish to sustain the republican party. OPENING OF THE SCHOOLS.

The opening of the public schools in this city storder was an even; of great importance to andreds of children and youth, and of scarcely iblic they are a necessity. Monarchies they have the etronger they are. Countries are desputid because education is denied to the masses. The public seconds of America are one of our chief glories. The nation is strong bemuse our people are intelligent, and it is domrether in the public achools where they learn ref distinctions which rest upon schools than there is at the polls. This is a whools than there is as me norm.

which ships which cannot fail to result in good. Is implies great bonful and any of Hamilton and Burn.

The existence of such a political organization dence on the part of parents that they dence on the part of parents that they are not construent, to freedom and chools, but they should not relax their own chool. On the other hand, they should visit serves what their chi aren are doing, and to what impeaces they are exposed, and above all, short (know who their children's friends o Philic Von Artevelde:

what inclusions they are exposed, and above all should have who their children's friends and quoted by Henry Taylor among the notes in the first them from contaminating induspose of far as possible. To the majority of children, perhaps, the personal induspose of far as possible. To the majority of children, perhaps, the personal induspose of facetiers and schoolmed have a much to do without which no man can be good or what or strong or happy, about the bowed into uniformity with the critical states which they pursue. And parents and types about the bowed into uniformity with the studies which they pursue. And parents and injustically the major and major of political great may of ordered and digreted opinion, in which alone consists the much bossted except of these much bossted except of these much bossted Political great possible. The scholars should be major of political independent of the in mailtinuse and well in mailtinuse and think in mailtinuse and well in many than the major of political independence. The political conquest and political independence. The political conquest and political independence. to recite well and get a good mark, but to honestly soquire and make their own to recite well and get a good mark, but to honestly sequire and make their own spich information as will be of value to them in after life. This end can be accomplished only by portional effort. To attempt to pass the ordered of the recitation room, or the aximination at the close of the term by reliance upon the hints of classenates or the sly look at the sext book, as hold only to waste time and opportunity, but to adquire shiftless habits will make them for any successful pursuit in honested twitten, with which it some beat the site. Now is the time for the formation of habits of cell reliance and industry, and the of habits of self reliance and industry, and the int of the or maily for work which will e needed to make wallable the knowledge ed birods it the woods big. Joo the aim of both teacher and pupils to exem-pilly and form habits of self-government. ontroi, as Bulwar said, is self-commetion. No teacher is fit to govern others who is with-

It could not be expected to do otherwise. That for Transportinental stock, while Northern Passed at lon would be turally declare for the man cific etock was simply divided by the "propriof gress club and becroom habits, addiesed to intemperance and herbery, who looks upon an raid on it. illegirimste sah without shame, and alte we his frience to defend him by calling his son's

ideas is a basis of friendship and all its surroundings are in imitation of its basis of pretendings to fantastic origin. The president is the "grand" sachem," its hall is a "wigwam," the secretary altherto been eminent in the republican party these one third are left out in the cold. They on in these rivalries of political can not, by the constitution, be expelled, but and dislike, springing from the are not allowed any voice in the management.

Among these are Abram S. Hewitt, Samuel J. collisions and conflicts of politics, hardens into hatreds. Raine, somehow, hes deep hold upon the peciple. Their favor has deep hold upon the peciple. Their favor hen thim shead, against the effects of competitors and the remonstrates of great newspapers that thought themselves powerful enough to prevent his monimisation. To accomplish this they employed arguments, threats and saralogs. Finding their conteal disregarded and the remonstration of the content of the co wing said more than they could retract, election days, for they have ne voice in the description to defeat him. This or-management. This is in the hands of a general committee, made up of the most popular mon omiseives as president-makers do Membership in this committee is the first denot like to have their pretensions disputed, or, cisive step on the road to office in the city-the place of power in politics and the hope of every ambitions schemer in the ranks of the democra-Blairie is supposed to spring mainly from per- cy. The committee is devoted to its master, sonal animosity and jealousies that it and that master is John Lelly. He is the house little effect. There are consider antocrat of the society. He speaks and the able numbers of "independent" leaders others obey. Officially he is chairman of the followers. The private feelings of ndi- committee on discipline, and political death viduals are not a sufficient basis of party generally follows those who fall to obey his action. The republican masses care nothing mandates. It is his committee which enforces

> of men who never think of voting contrary to orders, and it has in addition about 20,000 who can be relied upon. The reason for the adher-ence or these 20,000 is their belief in the personal honesty of Kelly and the fart that he is a Roman Catholic, having been born in that church, and being married to Cardinal McCloskey's niece. He was educated for the priest-hood and stands stannohly by his church. While sheriff and controller he spent all of his salary and more than that to perpetuate his power. What Tammany most looks is an infignot the twentieth part of the circulation of the Berald, Sun, Times and World, which are has. To their influence is largely due the recent rejection of Tammany's dictation to the democratic party, and to the same powerful infinence the city must look for its redemption from the control of a political banditti which

struction to good government, to freedom and citizens. The nature of such political unions, and the effects which they are calculated to prothan in the following extract from an anony-mons pamplilet published in England in 1832

ires thought of the free soul, for which the we

to accept the distation of Tammany, though in so doing it has imperilled its chances to win the prize in this campaign. The decision of Tammany which has reculted from the action of the party is another hopeful sign, and the men who have been nontrolled by it are to be chiles they learn to govorn themselves. In congrainated upon their opportunity of re-

offine, the ability to rale one's own spirit, and Mr. Villard, in his "statement" to the Northto gain such a command over the memory and me not only wise and good, but effi- bu a "statem An organization of New York, calling itself their property to save the Northern Pacific. Disveland and against Blaine. Yes, of course. from the fact that good money was paid, at par,

General Butler is probably the only promiinother, who is at least as good as he is, a herthother, who is at least as good as he is, a herthother, who is at least as good as he is, a herthother, who is at least as good as he is, a herthother, who is at least as good as he is, a herthought free of exponse to himself while making
an authomorphy campaign against the railand the property who would take a

the private palace car of a caliroad enperinthought free of exponse to himself while making

This demand having been recherently the state cosmolities, the unloss have

The republicans have won in Maine by more then 20,000 majority, with an expenditure, they say, ties by \$6472 then that of 1880, when they say, ties by \$6472 then that of 1880, when they say, ties by \$6472 then that of 1880, when they say, ties to be state. What is it that has preduced this striking change in Malor. What is ole in that takes.

The "statement" of: Mr. Vitlard, which we it that has put se great a force into the canprinted restrictly, appeared simultaneously in that has put es great a force into the con-rase there. Is it because, the people who know that there is a force into the con-rase there. Is it because, the people who know that the people who know the people where the people who know the people where the Blaine best believe it him most? Or if not

UNORIGIDE, AS AN INDUSTRY.

Probably no political organization of ench great importance is more indistinctly undergreat importance is more indistinctly undergreat importance is more indistinctly undergreated by the average reader than Tammany thail. It is well known that it is a society morning from Sau Francisco, must have form to the indistor with protonomic and individually of the encountry of the enco The writer well remembers the first case of

uxoriside that came under his observation in New York, during the winter of 1848. A man named Tiomas Walker Rived with his wife in Lexing on avenue, near Twenty-ninth strict, and the, quarreled incessantly. He was a handsome man, of no business quasifications whitover and had married the daughter of a rich planter of the south. Ro had begun with speculations on the stock burd and wand up to named Tuomas Walker I ved with his wife in humor (presumably over his losses at cards) and a heavy fall. Walker ran down stairs and sheavy fall. Walker range the belt of the house next door. "Come in fur cod's aske," said in, "for I fear that I Northerman NEYMENTED and national rank." in, for Cod's sake," said he, "for I fear that I have killed my wife," He made no pflort to escape, but surrendered himself at the newrest police station, alleging that he had afternyied Wantship at the had afternyied with another than the had afternyied with another than the first police at all of the had afternyied with another than the first police. solicide in the presence of his wife, who sought to disarm him: and that in the struggle the pistol in single-barreled derringer) was disof the New York bar, the defense being con- Park et.

James R. Whiting and Jonas H. Phillips appeared for the state. A verdict of soquittal was the result, and a storm of popular indignation where the first word in the neighborhood where the fill-starred woman had met her death. The fury word burned in efficy in Gramerey park, and there was a fearful outery about the verdict.

| March well finished and merity new. Apply at 2, and there was a fearful outery about the wedlet. Yet as we recall the ovidence, we do not see how they could have arrived at any other conclusion. Walker, under an assumed name, came out to California, where he afterwards took his a California, where he afterwards took his according to the california of the cal own life with the identical pistol which had ended the existence of his unfortunate sponse.

fint the crime of wife munder has become also gether 100 common of late, and the only way to nery ctages and punish the men who heigh by beating their wives and end up by murdering them. In some of the states the crime of wife-beating is punished by the whipping-post. adopted by an Origon logislaturer and yet.

What else can you do to publish a wife bester?

A second MALDON BUSINESS FOR As a rule they are a lazy class, to whom a term in fall would be no hardship, but, on the con-

trary, a relief from the care of corning a liveli-hood; so that imprisonment would be no real punishment to them, after all. The picture is not a pleasing one, nor do we like its well upon it, but it is a stubborn fact that state us in the face and will not down at our bicding. True, these affairs occurred in interest in the social progress of our sister state. derfor " who arrived here last Saturday and read our San Francisco disputches, it would industries of the country. It is an espect of affairs which no good citizen of any or onr western states can regard save with fer lings serres and humiliation.

POLITICAL DEIFT.

The New York War, democratic, says "The republicans have a better chance of carrying Virginia thin the democrate have of carrying Kee York."

No, my son," says the Chicago Tributo, "35,000 republican pluratity in Raine is not enough for the democrate. A democrate never knows when he has
